NOTICE OF RIGHTS OF STUDENTS AND PARENTS UNDER SECTION 504

Section 504 of the Rehabilitation Act of 1973, commonly referred to as "Section 504," is a nondiscrimination statute enacted by the United States Congress. The purpose of Section 504 is to prohibit discrimination and to assure that disabled students have educational opportunities and benefits equal to those provided to non-disabled students.

The implementing regulations for Section 504 as set out in 34 CFR Part 104 provide parents and/or students with the following rights:

1. Your child has the right to an appropriate education designed to meet his or her individual educational needs as adequately as the needs of non-disabled students. 34 CFR 104.33.
2. Your child has the right to free educational services except for those fees that are imposed on non-disabled students or their parents. Insurers and similar third parties who provide services not operated by or provided by the recipient are not relieved from an otherwise valid obligation to provide or pay for services provided to a disabled student. 34 CFR 104.33.
3. Your child has a right to participate in an educational setting (academic and nonacademic) with non-disabled students to the maximum extent appropriate to his or her needs. 34 CFR 104.34.
4. Your child has a right to facilities, services, and activities that are comparable to those provided for non-disabled students. 34 CFR 104.34.
5. Your child has a right to an evaluation prior to a Section 504 determination of eligibility. 34 CFR 104.35.
6. You have the right to not consent to the school system's request to evaluate your child. 34 CFR 104.35.
7. You have the right to ensure that evaluation procedures, which may include testing, conform to the requirements of 34 CFR 104.35.
8. You have the right to ensure that the school system will consider information from a variety of sources as appropriate, which may include aptitude and achievement tests, grades, teacher recommendations and observations, physical conditions, social or cultural background, medical records, and parental recommendations. 34 CFR 104.35.
9. You have the right to ensure that placement decisions are made by a group of persons, including persons knowledgeable about your child, the meaning of the evaluation data, the placement options, and the legal requirements for least restrictive environment and comparable facilities. 34 CFR 104.35.
10. If your child is eligible under Section 504, your child has a right to periodic reevaluations, including prior to any subsequent significant change of placement. 34 CFR 104.35.
11. You have the right to notice prior to any actions by the school system regarding the identification, evaluation, or placement of your child. 34 CFR 104.36.
12. You have the right to examine your child's educational records. 34 CFR 104.36.
13. You have the right to an impartial hearing with respect to the school system's actions regarding your child's identification, evaluation, or educational placement, with opportunity for parental participation in the hearing and representation by an attorney. 34 CFR 104.36.

14. You have the right to receive a copy of this notice and a copy of the school system's impartial hearing procedure upon request. 34 CFR 104.36.
15. If you disagree with the decision of the impartial hearing officer (school board members and other district employees are not considered impartial hearing officers), you have a right to a review of that decision according to the school system's impartial hearing procedure. 34 CFR 104.36.
16. You have the right to, at any time, file a complaint with the United States Department of Education's Office for Civil Rights.

SECTION 504 PROCEDURAL SAFEGUARDS

1. Overview

Any student or parent or guardian ("grievant") may request an impartial hearing due to the school system's actions or inactions regarding your child's identification, evaluation, or educational placement under Section 504. Requests for an impartial hearing must be in writing to the school system's Section 504 Coordinator; however, a grievant's failure to request a hearing in writing does not alleviate the school system's obligation to provide an impartial hearing if the grievant orally requests an impartial hearing through the school system's Section 504 Coordinator. The school system's Section 504 Coordinator will assist the grievant in completing the written Request for Hearing.

2. Hearing Request

The Request for the Hearing must include the following:

- a. The name of the student.
- b. The address of the residence of the student.
- c. The name of the school the student is attending.
- d. The decision that is the subject of the hearing.
- e. The requested reasons for review.
- f. The proposed remedy sought by the grievant.
- g. The name and contact information of the grievant.

Within 10 business days from receiving the grievant's Request for Hearing, the Section 504 Coordinator will acknowledge the Request for Hearing in writing and schedule a time and place for a hearing. If the written Request for Hearing does not contain the necessary information noted above, the Section 504 Coordinator will inform the grievant of the specific information needed to complete the request. All timelines and processes will be stayed until the Request for Hearing contains the necessary information noted above.

3. Mediation

The school system may offer mediation to resolve the issues detailed by the grievant in his or her Request for Hearing. Mediation is voluntary and both the grievant and school system must agree to participate. The grievant may terminate the mediation at any time. If the mediation is terminated without an agreement, the school system will follow the procedures for conducting an impartial hearing without an additional Request for Hearing.

4. Hearing Procedures

- a. The Section 504 Coordinator will obtain an impartial review official who will conduct a hearing within 45 calendar days from the receipt of the grievant's Request for Hearing unless agreed to otherwise by the grievant or a continuance is granted by the impartial review official.
- b. Upon a showing of good cause by the grievant or school system, the impartial review official, at his or her discretion, may grant a continuance and set a new hearing date. The request for a continuance must be in writing and copied to the other party.
- c. The grievant will have an opportunity to examine the child's educational records prior to the hearing.
- d. The grievant will have the opportunity to be represented by legal counsel at his or her own expense at the hearing and participate, speak, examine witnesses, and present information at the hearing. If the grievant is to be represented by legal counsel at the hearing, he or she must

inform the Section 504 Coordinator of that fact in writing at least 10 calendar days prior to the hearing. Failure to notify the Section 504 Coordinator in writing of representation by legal counsel shall constitute good cause for continuance of the hearing.

- e. The grievant will have the burden of proving any claims he or she may assert. When warranted by circumstances or law, the impartial hearing officer may require the recipient to defend its position/decision regarding the claims (i.e. A recipient shall place a disabled student in the regular educational environment operated by the recipient unless it is demonstrated by the recipient that the education of the person in the regular environment with the use of supplementary aids and services cannot be achieved satisfactorily. 34 C.F.R.§104.34). One or more representatives of the school system, who may be an attorney, will attend the hearing to present the evidence and witnesses, respond to the grievant testimony and answer questions posed by the review official.
 - f. The impartial review official shall not have the power to subpoena witnesses, and the strict rules of evidence shall not apply to hearings. The impartial review official shall have the authority to issue pre-hearing instructions, which may include requiring the parties to exchange documents and names of witnesses to be present.
 - g. The impartial review official shall determine the weight to be given any evidence based on its reliability and probative value.
 - h. The hearing shall be closed to the public.
 - i. The issues of the hearing will be limited to those raised in the written or oral request for the hearing.
 - j. Witnesses will be questioned directly by the party who calls them. Cross-examination of witnesses will be allowed. The impartial review official, at his or her discretion, may allow further examination of witnesses or ask questions of the witnesses.
 - k. Testimony shall be recorded by court reporting or audio recording at the expense of the recipient. All documentation related to the hearing shall be retained by the recipient.
 - l. Unless otherwise required by law, the impartial review official shall uphold the action of school system unless the grievant can prove that a preponderance of the evidence supports his or her claim.
 - m. Failure of the grievant to appear at a scheduled hearing unless prior notification of absence was provided and approved by the impartial review official or just cause is shown shall constitute a waiver of the right to a personal appearance before the impartial review official.
5. Decision
The impartial review official shall issue a written determination within 20 calendar days of the date the hearing concluded. The determination of the impartial review official shall not include any monetary damages or the award of any attorney's fees.
6. Review
If not satisfied with the decision of the impartial review official, any party may pursue any right of review, appeal, cause of action or claim available to them under the law or existing state or federal rules or regulations.

Parents' Right to Know

In compliance with the requirements of the Elementary and Secondary Act (ESEA), the Haralson County School District informs parents that you may request information about the professional qualifications of your student's teacher(s) or paraprofessional(s). The following information may be requested:

- Whether the teacher has met the Georgia Professional Standards Commission requirements for certification for the grade level and subject areas in which the teacher provides instruction
- Whether the teacher is teaching under an emergency or other provisional status through which Georgia qualifications or certification criteria have been waived
- The college major of any graduate certification or degree held by the teacher
- Whether the student is provided services by a paraprofessional, and if so, their qualifications

If you wish to request information concerning your student's teacher's qualification, please contact Benjie Cole, Principal, at 770-574-7647.

Parent Notification of the Intradistrict Transfer Option

The Intradistrict Transfer (O.C.G.A § 20-2-2130) allows a parent/guardian the option to request a transfer from their child's assigned school, to a school of the parent's choice within the school zone/district in which their child resides, IF there is another school available for that grade level. However, the Intradistrict Transfer may be granted to your child only if, the school to which the request for transfer has classroom space available; after all the assigned students have been enrolled. The Intradistrict Transfer option does not require the District to pay for transportation to the transfer school; therefore, Haralson County School System will not be paying for transportation for your child if the Intradistrict Transfer option is granted.

Only after the assigned students have been enrolled may students be allowed to exercise the Intradistrict Transfer option. In addition, if the school of choice has classroom space available, the parent/guardian will be responsible for transportation for the child to and from the school of choice. Requests will only be accepted after AUGUST 10th when all assigned students have been enrolled, and you will be notified by US Mail of Haralson County School System's decision regarding your transfer request. If the request is granted, notification will include the name of the school of choice your child will attend. This only pertains to students going into grades kindergarten through 5th grade since these are the only grades for which there are 2 schools available.

If you have additional questions or concerns, please contact Dr. Brian Ridley, Chief Academic Officer, at 770-574-2500 or email (brian.ridley@haralson.k12.ga.us).

Parent Notification of Online Options

In compliance with Senate Bill 289, districts must notify students and parents of online options beginning in the 2013-2014 school year. Districts must allow students to take an online course even if the course is offered in the local district. Online courses can be accessed through the Georgia Virtual School, local virtual schools, or vendor online schools. If the online course is taken as part of the regular school day, then the school will pay for the course (some limitations may apply). If an online course is taken outside of the regular school day, then the parent will pay for the course.

Additionally, House Bill 175 mandates the creation of an online clearinghouse of online courses and online course providers to give parents and students the ability to search the clearinghouse for availability to online courses, online course providers, and guidelines for what constitutes high quality online courses.

The Georgia Online Clearinghouse provides students and parent with information and access to high-quality academic and career-oriented courses, aligned to state and national standards, through a variety of online providers. To access the information found in the clearinghouse go to:

http://www.gadoe.org/_layouts/GADOEPublic.SPApp/Clearinghouse.aspx

Step One: Type in the course you need (for example 9th grade Literature)

Step Two: Type in your zip code. You will then see a list of the online course providers in Georgia who have the course you selected. The program provider's names have been linked for users to access their site for registration information.

Step Three: Utilize the provider's site to register the student in the selected online course.

Section 504 Resolution Agreement

Adopting 504 Safeguards Frequently Asked Questions

Under the Section 504 Resolution Agreement, each LEA must adopt and implement policies regarding student rights and procedural safeguards under Section 504 that are consistent with GaDOE's model rights and safeguards, provide written evidence to OCR that the LEA has adopted and implemented Section 504 rights and safeguards, and notify parents and students of the rights and safeguards. **These actions must be taken by each LEA before June 15, 2012.**

The following frequently asked questions are designed to help guide LEAs as they adopt and implement student rights and procedural safeguards under Section 504.

1. Where can I find GaDOE's model student rights and procedural safeguards under Section 504?

You may find GaDOE's model student rights and procedural safeguards under Section 504, as well as other information relevant to complying with the Section 504 Resolution Agreement on GaDOE's website at the following link: <http://www.gadoe.org/Curriculum-Instruction-and-Assessment/Student-Support-Teams/Pages/default.aspx>

2. Does my LEA need to adopt the exact same student rights and procedural safeguards as GaDOE?

No. Your LEA may adopt the model rights and safeguards as written, or it may modify the model rights and safeguards in a manner that is consistent with Section 504 law and regulations. If you wish to modify the model rights and safeguards, we encourage you to seek advice of your legal counsel regarding your proposed modifications.

3. Can my LEA adopt documents, such as eligibility forms or student placement guidance, in addition to the procedural safeguards?

Yes. Procedural safeguards and student rights must be in place under Section 504 and Title II of the ADA. GaDOE encourages LEAs and schools to fulfill all obligations under Section 504 and Title II of the ADA in the manner it deems most appropriate, which may include adopting additional guidance or forms to assist decision-makers.

4. Is GaDOE going to adopt documents, such as eligibility forms or student placement guidance, in addition to the procedural safeguards?

GaDOE will not adopt additional guidance or forms as a result of the Section 504 Resolution Agreement. Though GaDOE does not have any current plans to adopt additional guidance or forms for implementing Section 504 or Title II of the ADA, any future guidance will be posted on the GaDOE website.

5. What process does my LEA need to follow to adopt the student rights and procedural safeguards?

To adopt the student rights and procedural safeguards, the LEA should utilize the same process as it would for any internal policy or procedure.

6. How does my LEA notify OCR that it has adopted and implemented the student rights and procedural safeguards?

By June 15, 2012, each must notify OCR in writing that the LEA has adopted and implemented its student rights and procedural safeguards. This can be done as a letter or email to OCR that includes the student rights and procedural safeguards adopted by the LEA, a link to where the student rights and procedural safeguards may be found on the LEA's webpage, a written description of the notice it provides to parents and guardians, a description of the hearing process, and the identity of the entity or hearing officer that the LEA will contract with to provide impartial hearings, or the procedure by which a hearing officer will be obtained.

7. To whom should my LEA send the notification to OCR that we have implemented the student rights and procedural safeguards?

Written notification that the LEA has adopted and implemented its student rights and procedural safeguards should be sent via email or U.S. mail to:

U.S. Department of Education
Office for Civil Rights
ATTN: Vicki Lewis
61 Forsyth Street S.W. Suite 19T10
Atlanta, GA 30303
vicki.lewis@ed.gov

You may also want to copy GaDOE at:

Georgia Department of Education
Office of Legal Services
2052 Twin Towers East
205 Jesse Hill Jr. Drive
Atlanta, GA 30334
legal.services@doe.k12.ga.us

8. What needs to be included in my LEA's notification to OCR that we have implemented the student rights and procedural safeguards?

The notification must that include the student rights and procedural safeguards adopted by the LEA, a written description of the notice it provides to parents and guardians, a link to where the student rights and procedural safeguards may be found on the LEA's webpage, a description of the hearing process,

and the identity of the entity or hearing officer that the LEA will contract with to provide impartial hearings, or the procedure by which a hearing officer will be obtained.

9. How does an LEA obtain a hearing officer for Section 504?

An LEA may utilize any process for obtaining a hearing officer for Section 504 that is consistent with its internal policies and procedures for obtaining professional services. This may include soliciting requests for proposals from qualified individuals, which in the context of hearing officers, typically includes law firms or other subject-area experts. GaDOE does not provide hearing officers for LEA hearings under Section 504.

10. How does an LEA notify parents and students that it has implemented the student rights and procedural safeguards?

At a minimum, the LEA must notify parents and students that it has implemented the student rights and procedural safeguards by including the student rights and procedural safeguards in its student handbooks and LEA website. The LEA must also furnish the student rights and procedural safeguards to those who request them.

11. In what written materials do the student rights and procedural safeguards need to appear?

At a minimum, the LEA must include the student rights and procedural safeguards in its student handbooks. LEAs are also encouraged to include the student rights and procedural safeguards in other materials it deems appropriate, such as a Section 504 Handbook or Student Services Manual.

12. Do I need to print the entire student rights and procedural safeguards in our student handbooks?

Yes.

13. Do I need to post the entire student rights and procedural safeguards on our LEA's website?

Yes.

14. Will adopting these student rights and procedural safeguards, and notifying OCR and parents satisfy my LEA's obligations under the Section 504 Resolution Agreement?

No. As part of the Section 504 Resolution Agreement, all LEA key administrators and critical staff must complete training from OCR by June 1, 2012 and the LEA must notify OCR of that training by June 20, 2012. LEA key administrators and critical staff that must attend training are those that are involved in the oversight for or identification, evaluation and placement of students under Section 504 and Title II of the Americans with Disabilities Act. You may find more information regarding this training requirement GaDOE's website in a document entitled "Section 504 Training Details" at the following link: <http://www.gadoe.org/Curriculum-Instruction-and-Assessment/Student-Support-Teams/Pages/default.aspx>

Personal information, such as a student's full name, parents' names, addresses and telephone number will never be published. If a student's name is used with a photograph, video, or audio clip, it will be in the form of a first name and last initial. For example, student Jane Doe may be listed as "Jane D."

Therefore, I agree to indemnify, defend, and hold harmless the members of the Haralson County Board of Education, its officers, employees, agents, successors, and assignees from and against any and all claims and liabilities resulting from this publishing.

I understand that I may void this release at any time for any reason by informing my child's teacher in writing. The teacher will then forward my request to the appropriate parties.

Safe and Drug Free Schools Parental Notification Statement

In order to provide the best drug and violence prevention activities for your child and in accordance with state and federal guidelines, your child may be asked to complete surveys that pertain to student involvement in and attitudes toward substance abuse and violence. These surveys are completely anonymous and may be administered throughout the school year. The data collected will be used to identify critical areas of need and help us:

- maintain a school environment that is free of drugs and violence
- promote a class atmosphere that allows teachers to teach and students to learn
- develop and offer experiences that involve students in applying the concepts of making healthy decisions, accepting responsibility for their behavior, and understanding consequences

If you do not wish for your child to participate or if you have questions, please contact the school.

Graduation Requirements for Students Enrolled in Ninth Grade for the First Time Prior to the 2013-14 School Year

To be eligible for graduation with a secondary school credential as defined in the State Board of Education (“SBOE”) Rule 160-4-2-.48, High School Graduation Requirements for Students Enrolling in the Ninth Grade for the First Time in the 2008-09 School Year and Subsequent Years, students must successfully complete the minimum requirements in the SBOE rule and satisfy additional requirements specified in this policy.

Students who enroll from another state must meet the graduation requirements for the graduating class they enter and the state assessment requirements as referenced in the State Board Rule 160-3-1-.07 Testing Programs – Student Assessment.

When students enroll in the ninth (9th) grade and subsequently withdraw, they must meet the current graduation requirements and the assessment requirements specified in State Board Rule 160-3-1-.07 Testing Programs – Student Assessment.

All students who enrolled in ninth grade for the first time prior to 2013-2014 must obtain 24 units to graduate. Specific graduation requirements can be found in the student’s copy of HCHS Road Map through High School.

The courses required to meet the **24** required units must include, at minimum, the following:

- 4 units of English
- 4 units of Mathematics
- 4 units of Science
- 4 units of Social Studies
- 1 Health/Physical Education Course
- At least 4 additional electives
- At least 3 units required from Foreign Language and/or CTAE and/or Fine Arts
 - *Students planning to enter or transfer into a University System in Georgia must pass two units (semesters) of the same Foreign Language.*

To be eligible to be an Honor graduate, the student must have enrolled in Haralson County High School by the first day of the first semester of his/her senior year and must meet the graduation requirements for a high school diploma. Honor graduates will be determined by averaging semester grades from 9th grade through the end of the first semester of his/her senior year. Third quarter grades for the senior year will also be averaged. Any grade over 100 will be capped at 100 in order to maintain consistency throughout the student’s enrollment. Honor graduates will have at least a 90.0 GPA without rounding.

Valedictorian must meet all requirements listed above for Honor graduates. He/she will be selected based solely on having the highest GPA, and calculations will be factored to the second decimal place. In case of a tie, there will be two valedictorians and no salutatorian. Salutatorian will be the senior with the 2nd highest GPA. In case of a tie, the student with the highest content-only GPA will be chosen. If a tie remains, the student with the highest SAT score will be selected.

Grade Level Promotion Requirements

To be classified as a sophomore, a student must pass 1 unit in each of the Core areas (English, Mathematics, Science, and Social Studies).

To be classified as a junior, a student must pass 2 units in each of the Core areas (English, Mathematics, Science, and Social Studies).

To be classified as a senior, a student must pass 3 units in each of the Core areas (English, Mathematics, Science, and Social Studies).

For detailed high school graduation requirements visit the system web page (www.haralson.k12.ga.us).

Graduation Requirements for Students Enrolled in the Ninth Grade for the First Time during or after the 2013-2014 School Year

In order to graduate, students enrolling in ninth grade for the first time during or after the 2013-2014 school year are required to complete either a technical pathway, a world language pathway, a fine arts pathway, or an advanced academic pathway.

In order to be considered an Honor Graduate, students must meet all of the following criteria:

- Cumulative GPA of 90 or better
- Successfully complete one Advanced Placement class and a combination of three or more additional Honors or Advanced Placement level classes
- Successfully complete 2 consecutive world language classes

Valedictorian and Salutatorian honors are based on student ranking (1st and 2nd in their class, respectively) and must be an Honor Graduate to be considered for such awards.

The Board shall make available to all students the required areas of study.

1. High School Diploma - the document awarded to students certifying that they have satisfied attendance requirements, unit requirements and the state assessment requirements.
2. Certificate of Attendance – the document awarded to pupils who have not passed the state assessment requirements, but who have earned the required 26 units as specified in the graduation requirements.
3. Employable Skills Diploma – the document awarded to student with disabilities assigned to a special education program who have not met the state assessment requirements or who have not completed all the requirements for a high school diploma but who have nevertheless completed their Individualized Education Program (IEP).

A course shall count only once for satisfying any unit of credit requirement for graduation. See the following chart.

All students enrolling in 9th grade after 2013-2014 must obtain **26** units of required credit to graduate. The courses required to meet the 26 required units must include, at minimum, the following:

Required Units per Area of Study

- 4 units of English*
- 4 units of Mathematics*
- 4 units of Science*
- 4 units of Social Studies*
- 1 Health/Physical Education Course (or 3 JROTC Courses)
- 6 locally required or elective units
- 3 units to complete a technical, fine arts, world language, or advanced academic pathway

26 TOTAL UNITS (MINIMUM)

*Core Courses

Students are required to take core courses each semester enrolled in HCHS unless a student's Individualized Education Plan ("IEP") specifies otherwise and or the student requests a waiver or variance or qualifies for programs under the rules of State Board of Education that would allow for waiver or variance.

Course Credit

1. Unit credit shall be awarded only for courses that include concepts and skills based on the current state curriculum for grades 9-12 or those approved by the State Board of Education. Unit credit may be awarded for courses offered in the middle grades that meet the 9-12 current state curriculum requirements. The Individualized Education Program (IEP) shall specify whether core courses taken as part of an IEP shall receive core unit credit.
2. Completion of diploma requirements does not necessarily qualify students for the HOPE Scholarship Program.

Grade Level Promotion Requirements

To be classified as a sophomore, a student must pass a minimum of 5 courses (3 core classes).

To be classified as a junior, a student must pass a minimum of 12 courses (6 core classes).

To be classified as a senior, a student must pass a minimum of 20 courses (9 core classes).

Students with Significant Cognitive Disabilities

A student with significant cognitive disabilities may graduate and receive a regular high school diploma when the student's IEP team determines that the student has satisfied the requirements as outlined in the State Student Assessment Handbook.

Graduation Support Services

The Board provides instructional support and delivery services that include, but are not limited to, the following:

1. A continuous guidance component beginning with the ninth (9th) grade will be provided. The purposes of the guidance component is to familiarize students with graduation requirements, to help them identify the likely impact of individual career objectives on the program of work studies they plan to follow and to provide annual advisement sessions to report progress and offer alternatives in meeting graduation requirements and career objectives.
2. Record keeping and reporting services that document student progress toward graduation and include information for the school, parents and students.
3. Instructional programs, curriculum and course guides, and remedial opportunities to assist each student in meeting graduation requirements.
4. Appropriate curriculum and assessment procedures for students who have been identified as having disabilities that prevent them from meeting the prescribed competency performance requirements.

Georgia Milestone Assessments

Georgia Milestone Assessments are required to receive credit in the following courses: 9th Grade Literature, American Literature, Biology, Physical Science, Algebra I, Analytic Geometry, US History, and Economics. These scores will be factored into student grades as directed by the Georgia Department of Education. Georgia Milestone Assessment reports shall provide students, parents, and educators with individual scores on each test taken, and student scores will be recorded in the individual student records.

Pre- Assessments and Post-Assessments

In an effort to maintain the integrity of all courses and determine student growth in each content area, HCHS has implemented Pre-Assessments and Post-Assessments in many non-Milestone courses. These tests are administered at the beginning and end of each course and will be utilized to ascertain student learning. Post-Assessment scores may be used as final exams in certain courses.

Progress Reports and Report Cards

The school year is divided into 4 nine-week periods. A progress report will be issued at the end of each 4½ week period, which is the midpoint of each nine week period. A report card will be issued at the end of each nine week period.

Transcripts

A student's permanent record is on file in the Counselor's Office and is accessible to the student and parent at all times. If a student is under 18 years of age, a parent's written request is required before a copy of the transcript is released. For seniors, the Counselor's Office will issue transcripts for no charge; graduates and undergraduates will be charged \$2.00 per transcript.

Emancipated Minor (Definition)

An emancipated minor is an individual under the age of eighteen who is no longer under the control or authority of his or her parents or guardians by operation of law or pursuant to a petition filed by the minor with the juvenile court as provided in O.C.G.A 15-11-202. Emancipation by operation of law occurs when a minor is validly married or as otherwise prescribed by law. Emancipation by petition is granted by a judge in juvenile court after the judge determines emancipation is in the best interest of the minor.

School Admissions

Students must live in the Haralson County School District with their parents, legal guardians, or be emancipated and be eligible for enrollment under Georgia law to be enrolled in the Haralson County School System.

A. Non-resident students

Children of non-resident school system employees shall be admitted to the Haralson County School System and are subject to the payment of tuition as determined by the board. Also, based upon availability of space, children of parents who own property in Haralson County may attend Haralson County School System by paying tuition in the amount of \$1,000. Tuition may be paid in two ways:

1. In full prior to the start of the school year
2. In two payments prior to the start date of each semester

Failure to pay tuition as prescribed will result in withdrawal from HCHS once payment becomes over ten (10) days delinquent (10 days past the due date).

The continued enrollment of non-resident students in all schools within the school system shall be conditioned on the following additional criteria:

- a. Consistent attendance with no excessive unexcused absenteeism
- b. Satisfactory discipline
- c. Academic progress maintained (e.g. passing scores in all coursework)

In the event a non-resident student becomes a disciplinary or attendance problem, the Principal may revoke the student's permission to attend school at HCHS without the necessity of convening a disciplinary tribunal. The Principal's decision may be appealed to the Superintendent, whose decision shall be final and not subject to further appeal.

Any non-resident student who is registered in the Haralson County School System under falsified information shall be immediately withdrawn from the school system.

B. Students transferring from a non-accredited school

In order to meet accreditation standards by both the Georgia Accrediting Commission and Southern Association of Colleges and Schools, all transfer credit from non-accredited schools shall be validated by examination or scholastic performance. Credit earned at non-accredited schools or programs shall be validated using standardized tests, if available. If standardized tests are not available, locally developed tests may be used. School tests shall focus on group placement, subject area, and/or grade level. In high school sequenced courses, successful completion of the next course in the sequence may be used to validate credit for the preceding course. Grade

placement shall be based upon the number of units accumulated and shall be consistent with local promotion criteria.

C. Birth Certificate

A birth certificate may be requested from pupils transferring into the system when deemed necessary by the Principal and teacher. The birth certificate number will be entered on all records.

D. Social Security Number

No student shall be denied enrollment in the Haralson County School System for declining to provide his/her Social Security number or for declining to apply for such a number.

E. Homeless Students

In accordance with the McKinney-Vento Homeless Assistance Act, as amended by the Elementary and Secondary Education Act (ESEA) of 2001, the Haralson County School District will work with homeless children and youths and their families to provide stability in school attendance and other services. A "homeless child" is defined as provided in the McKinney-Vento Homeless Assistance Act. Special attention will be given to ensuring the enrollment and attendance of homeless children and youths not currently attending school in a manner that will not stigmatize or segregate them on the basis of their status as homeless. Homeless students will be provided district services for which they are eligible, including Head Start and comparable pre-school programs, Title I, similar state programs, educational programs for students with disabilities or limited English proficiency, vocational and technical education programs, gifted and talented programs, and school nutrition programs.

Every child of a homeless individual and every homeless child is entitled to equal access to the same free, appropriate public education as provided to other students. The district will assign and admit a child who is homeless to a school regardless of residence or whether the homeless child is able to produce records normally required for enrollment.

The Superintendent will review and revise as necessary rules or procedures that may be barriers to enrollment of homeless children and youths. In reviewing and revising such procedures, the Superintendent will consider issues of transportation, immunization, residence, birth certificates, school records, and other documentation. The Superintendent will appoint a liaison for homeless children.

Anyone having a concern or complaint regarding placement or education of a homeless child will first present it orally and informally to the district homeless liaison that shall carry out the dispute resolution process as defined in the state plan for the Education of Homeless Children and Youths.

Student Attendance

A. Excused Absences/Tardies/Check Outs

It is the policy of the Board to excuse students from school for the following reasons:

- Personal illness or attendance in school that endangers a student's health or the health of others that is documented with a medical note
- A serious illness or death in a student's immediate family necessitating absence from school
- A court order or an order by a governmental agency, including pre-induction physical examinations for service in the armed forces, mandating absence from school
- The observance of religious holidays, necessitating absence from school
- Conditions rendering attendance impossible or hazardous to student health or safety
- Voting in a public election or voter registration (if preapproved by an administrator)
- Deployment or temporary leave of a parent, guardian, or sibling (up to a maximum of five school days per school year)

Notes must contain the date of the absence, the student's name, and a contact number. In addition, parents may also write up to four (4) parent notes to excuse students from class.

B. HCHS Attendance Policy

In order to document any of the excused absences listed above, a note from a doctor, pastor, court official, and/or any other official is necessary to validate the reason for the absence. Students must provide clear documentation for absences due to government mandate, court order, or voter registration in order for these absences to be excused.

Parents/Guardians may write an excuse for up to 4 absences (tardies and early check outs included). Any absences that exceed this limit will be considered unexcused.

Students are allowed no more than 3 unexcused absences. Barring any extenuating circumstances, students who are absent more than 3 unexcused days will not receive credit for the course. Prior to a student acquiring 3 unexcused absences, the school will make contact with the parent/guardian to inform them the student has reached his/her limit for unexcused absences.

Students may attend a before or after school tutoring session (at teacher's discretion, not to exceed 45 minutes) in order to recoup one (1) unexcused absence per class. Attending one(1) session will result in a Principal's excuse (Z) for the absence to replace the unexcused absence (U).

C. Truancy Procedures

After 3 unexcused absences, the school will make contact with the parent/guardian through written notification. On the 7th unexcused absence, the designated system contact will be notified by the school counselor. The school system social worker will then refer the student to the Truancy Treatment Team. The Truancy Treatment Team will develop an attendance contract with the student and/or the student's parent or guardian. The contract will stipulate expectations for the student's attendance for the remainder of the school year. Should the contract be broken and truancy continues, the school system social worker will seek relief on behalf of the Haralson County School System from the Juvenile Court or the State Court, whichever is appropriate.

D. Tardies

Students are tardy if they are not in the classroom when the final bell rings to signal the beginning of class. It is essential for students to be on time to class. If a student is more than 50 minutes late to a class, he/she is no longer considered tardy and will be counted absent from the class.

If students are late to school, they must check-in in the Attendance Office. All HCSS-approved excuses apply to tardies and require documentation. Parent notes may also be written to excuse tardies, and these parent notes may contribute to the four (4) permitted excuses.

Two unexcused tardies is considered equivalent to an unexcused absence.

E. Procedure for Making Up Work Missed During an Absence

Students are responsible for keeping a documented copy (the admit slip) of the absence. This documentation will be used in the event of an absence-related discrepancy. Students are responsible for collecting and completing make-up work, and it should be done at the convenience of the teacher. In situations where the assignment was made to the student prior to the absence, make-up work can be required by the teacher on the first day the student returns to school unless illness would preclude the work from being completed.

Students who are pre-approved by the Principal to miss school due to out of town or family business will receive absences classified as "UNEXCUSED." While the student will be allowed to make up all work missed at the convenience of the teacher and within the three-day grace period, these absences count as unexcused absences and, should the student exceed the limit of 3 unexcused absences, the student will have to attend scheduled make-up sessions to excuse the excessive absences. Students should take notes requesting such pre-approved absences to the Principal's office for approval prior to the anticipated absence(s).

F. Student Check-Out Procedures

The school day begins for a student when he/she arrives on campus. Once on campus, regardless of whether or not a student has entered the building, he/she is considered on campus and may not leave school except by checking out through the attendance office.

Excluding emergencies and pre-approved requests, all students must be checked out in the attendance office by parent, guardian, or approved adult on registration card from the attendance office. **Students may not check out for lunch.**

A written parental request must be made before permission will be given for a student to leave campus early for any reason. This written request must be taken to the attendance office **prior** to the beginning of the school day. All notes requesting an early dismissal must contain a telephone number where a parent may be reached for confirmation. All early dismissal requests must be confirmed with the parent. If a parent cannot be reached, the student may not leave for any reason. **Phone checkouts will not be permitted.**

At the time of the check out, the student must sign out in the attendance office. The check-out request will act as a parent note to excuse the absence. If the student has accumulated 4 parent notes, the check-out will be recorded as an unexcused absence until a medical note or other documentation is secured.

Parking and Driving Privileges

Students who have a current driver's license and proof of insurance may purchase a parking space by paying a \$35 fee. This fee is non-refundable and cannot be prorated if a student does not purchase a pass until later in the year. Vehicles parked illegally on school premises may be towed at owner's expense. Driving and parking on campus is a privilege not a right, and those privileges can and will be suspended for repeated violations of parking procedure. Students must obey traffic laws while in the parking lot.

Students may not, under any circumstances:

- Park in a space that is not their own
- Park without a permit
- Leave campus without permission
- Remain in a parked car upon arriving at school
- Go to a parked car during the school day without written consent from the office
- Drive behind the main building. This area is reserved for bus traffic.

The parking lot behind the Fine Arts Building requires a permit. Students parking in this lot must submit to the same rules and guidelines as those parking in the main lot.

The parking lot is a restricted area during the school day. Upon arrival at school each day, students are to promptly exit vehicles and report to the cafeteria or other designated area. The rear drive behind the building is reserved for bus loading and unloading. No students/parents are allowed to drive behind the building without prior administrative approval. At the end of the school day, car riders should promptly exit the parking lot.

Regulations for Securing and Holding a Driver's License (House Bill 1190)

Students and parents should be aware that an instructional permit or driver's license will be suspended for one full year or until the student reaches the age of 18 for the following:

- Student drops out of school
- Student has 10 days of unexcused absences in a semester or two consecutive quarters
- Student is suspended from school for threatening, striking, or harming a teacher or school official, possession or sale of alcohol or drugs on school property, possession or use of weapon on school property or any sexual offense

Bus Information

All students must complete a bus registration form in order to utilize the bus transportation provided by HCSS. Students must conduct themselves in an orderly manner and follow all the bus rules in order to be transported. Students who disobey the driver will not be allowed to continue to ride. A student who threatens, verbally assaults, or physically assaults a school bus driver in any manner will be immediately suspended from the bus and may be referred to the Student Hearing Tribunal for possible out of school suspension (Georgia code 20-2-7515). Suspension may be permanent.

Bus Rules:

1. Respect and obey the driver.
2. Remain properly seated.
3. Be silent at railroad crossings.
4. No food or drinks on the bus.
5. Keep all body parts inside the bus.
6. All other school rules apply while students are on the bus.

Consequences for disciplinary infractions will be determined by the school administrator designated to handle bus discipline.

Cell Phone Use

Cell phone use is allowed between classes in the hallways and cafeteria. Cell phones are also permitted during a student's lunch time. **No cell phones will be allowed in the classroom at any time unless necessary for instruction as indicated by the red/green cell technology signs posted (at teacher's discretion) in each classroom.** Cell phones are to be turned off and out of sight during class time. Any violation of this will result in administrative intervention.

Charging of cell phones is prohibited while on campus.

Telephone Calls

Students will not be permitted to accept telephone calls during school hours. In the event of an emergency, the office will deliver a message to the student.

Unauthorized Areas

Students should only be in approved, supervised areas during the school day. During the assigned lunch period, all students will go to the cafeteria and will remain there until the end of lunch is signaled. Failure to remain in authorized areas may result in disciplinary action.

Visitors at Haralson County High School

All individuals who are not students or employees of Haralson County High School must report to the Main Office to receive permission to be on campus and obtain a visitor's pass. A numbered identification badge will be issued to visitors and must be worn at all times while on school property. Students may not bring friends or children to school for visits to the classroom. Parents are not allowed to walk through the school building during the school day without the express permission of the school administration.

Deliveries

No deliveries to the school of FOOD OR DRINKS FROM COMMERCIAL ESTABLISHMENTS, CANDY, FLOWERS OR GIFTS will be permitted.

Hall Passes

During class time, students in the halls must have a pass. Passes should be signed by the issuing teacher with the date, departure time from class, and the student's destination listed on the pass, thus giving permission for the student to be out of class.

Dress Code

It is imperative for all students to be appropriately dressed for school. Specific rules shall be followed in reference to dress code:

1. The following items and/or articles of clothing are prohibited:
 - A. Clothing that advertises alcoholic beverages, sex, drugs, or tobacco
 - B. Hats, non-prescription sunglasses, head coverings that exceed 2 inches in width, beanies, and/or bandanas

2. The following are general guidelines for appropriate clothing.

The administrative team may also deem other clothing as inappropriate.
 - B. Sheer shirts are permitted only if an undershirt is worn that covers chest and midriff.

Sheer leggings are not allowed unless worn with a shirt, dress, or skirt that is no shorter than 5 inches above the knee.
 - E. Large and baggy clothing that does not properly cover or fit the body will be prohibited. The clothing should not be so large or baggy that it creates a safety hazard or exposes skin or underwear. In the event the jeans or pants are too loose, a belt must be worn.
 - F. Any holes which are more than 5 inches above the knees and exposes what appears to be undergarments or skin will not be allowed.
 - G. Proper shoes must be worn at all times. House shoes and/or slippers are not permitted. Students may be subject to specific restrictions regarding shoes if they are enrolled in shop classes where personal safety is a concern. The shop instructors will provide additional information regarding these situations as they discuss shop safety rules.
 - H. Clothing that is, or appears to be, pajamas are not permitted.
 - I. Hoods are not permitted to be worn inside any buildings.
 - J. Headbands may not be wider than 2 inches.

The Principal has the discretion as to what is deemed appropriate attire for school and to change the dress code on special event days at the school. Such days will be announced in advance, and students will be advised of any adjustments to the dress code.

When a student is in violation of the school dress code or there is question about a student's attire, the student will be referred to an administrator for disciplinary action or clarification. Any student wearing clothing that is determined to be inappropriate will be given an opportunity to secure other clothing. If that option is not acceptable, the student will be assigned to ISS for the remainder of the school day.

Harassment

It is the policy of this school district to prohibit any act of harassment of students by other students or employees based upon race, color, sex, national origin, religion, age or disability at all times and during all occasions while at school, in the workplace or at any school event or activity. Any such act by a student shall result in prompt and appropriate discipline, including the possible suspension or expulsion of the student.

Sexual harassment may include conduct or speech which entails unwelcome sexual advances, requests for sexual favors, taunts, threats, comments of a vulgar or demeaning nature, demands or physical contact which creates a hostile environment for a student or employee. Other comments and behaviors may also be considered harassment and would be forbidden by the policy.

Any student, employee, applicant for employment, parent, or other individual who believes he/she has been subjected to harassment or discrimination by other students or employees of the school district as prohibited by this policy should promptly report the same to the Principal. Students may also report harassment or discrimination to their school counselor or any administrator. Students and employees will not be subjected to retaliation for reporting such harassment or discrimination. If at any point in the investigation of reported sexual harassment of a student, the coordinator or designee determines that the reported harassment should more properly be termed abuse, the reported incident or situation shall be referred pursuant to the established protocol for child abuse investigation.

The school district does not discriminate on the basis of race, color, religion, national origin, age, disability, or sex in its employment practices, student programs, and dealings with the public. It is the policy of the Board of Education to comply fully with the requirements of Title VI, Title IX, Section 504 of the Rehabilitation Act of 1973, the Americans With Disabilities Act and all accompanying regulations.

Discrimination or Harassment Complaint Procedure

Complaints made to the school system regarding alleged discrimination or harassment on the basis of race, color or national origin in violation of Title VI, on the basis of sex in violation of Title IX or on the basis of disability in violation of Section 504 of the Rehabilitation Act of 1973 or the Americans With Disabilities Act will be processed in accordance with the following procedure:

1. Any student, employee, applicant for employment, parent, or other person with a complaint alleging a violation as described above shall promptly notify, in writing or orally, either the Principal for his/her school or the appropriate coordinator designated from time to time by the Board of Education. If the complaint is oral, either the coordinator or school Principal to whom the complaint is made shall promptly prepare a memorandum or written statement of the complaint as made to him or her by the complainant and shall have the complainant read and sign the memorandum or statement if it accurately reflects the complaint made. If the complaint is made to a school Principal, he or she shall be responsible for notifying the appropriate coordinator of the complaint.
2. If the alleged offending individual is the coordinator designated by the Board of Education, the complaint shall either be made by the complainant to the Superintendent or, if the complaint is initially made to the school Principal, reported by the Principal to the Superintendent. Falsifying, misrepresenting, omitting, or erroneously reporting information regarding instances of alleged inappropriate behavior by a teacher, administrator, or other school employee toward a student will not be tolerated. If a student falsifies a report of this nature, he/she will be dealt with according to the system and school Student Discipline Code, and the educator will be publicly exonerated.
3. The coordinator or his or her designee shall have fifteen work days to gather all information relevant to the complaint made, review the information, determine the facts relating to the complaint, review the action requested by the complainant, and attempt to resolve the complaint with the complainant and any other persons involved. The coordinator or designee shall prepare a written response to the complaint detailing any action to be taken in response to the complaint and the time frame in which such action will be taken and copies of this response shall be furnished to the complainant, the appropriate coordinator and the Superintendent or his or her designee.

4. If the complaint is not resolved at the conclusion of this fifteen-day period or if the complainant is not satisfied with the resolution of the complaint, the complainant shall have the right, within five work days of receiving a copy of the written response, to have the complaint referred to the Superintendent of Schools.
5. The Superintendent shall have fifteen work days to review the complaint and the response of the coordinator or designee and attempt to resolve the complaint. The Superintendent shall furnish to the complainant a written response setting forth either his or her approval of the action recommended by the coordinator or designee or the action to be taken by the system in response to the complaint in lieu of that recommended by the coordinator or designee and the time frame in which such action shall be taken.
6. If the complainant is dissatisfied with the response of the Superintendent, then the complainant shall have the right, within fifteen work days of the receipt of the written response of the Superintendent, to have the complaint referred to the Board of Education. In order to have the Board review the Superintendent's decision, the complainant must file with the Superintendent a written statement setting forth the reasons he or she disagrees with the response of the Superintendent and the action the complainant is requesting the system to take. The complainant shall also include in the written response a request that his or her complaint be referred to the Board of Education.
7. Within thirty work days of receipt of the written request of the complainant, the Superintendent shall present the matter to the Board of Education at its regular meeting or at a special meeting called for that purpose. The Board shall review the original complaint, the response of the coordinator or designee, the response of the Superintendent, and the response of the complainant. In addition, the Board may, but is not required to, hear directly from any individuals with knowledge of any relevant facts relating to the complaint.
8. The Board of Education will either uphold the recommendation of the Superintendent or require the system to take some other action in response to the complaint. A copy of the action of the Board will be furnished to the complainant, either as a part of the minutes of the Board of Education or as a separate written statement. The Board shall be the final reviewing authority within the system.
9. This policy is not intended to deprive any employee of any right they may have to file a grievance pursuant to any other policy of the local Board of Education, specifically the policy designed to implement Official Code of Georgia Annotated §20-2-989.5, where appropriate. This policy is not intended to provide an alternative process for resolving evaluation and employment disputes where there already exists a due process procedure mandated by state law or State Department of Education regulations, specifically including, but not limited to, hearings to be conducted pursuant to the Fair Dismissal Act of Georgia. The complainant retains at all times the right to contact the Office of Civil Rights or the Equal Employment Opportunity Commission with regard to any allegations that the system has violated the statutes described above.
10. The school system shall be responsible for distributing and disseminating information relevant to this policy and procedure to students, applicants for employment and employees through appropriate procedures.
11. No reprisal shall occur as a result of reporting unlawful harassment under this policy, and any attempt to retaliate against a complainant shall be disciplined as is appropriate.
12. The confidentiality of any individual making a complaint or report in accordance with this policy, to the extent it is reasonably possible, shall be protected, although the discovery of the truth and the elimination of unlawful harassment shall be the overriding consideration.

Lockers

Students may rent a secure locker for \$10 per school year. All students are urged to take advantage of this offer. The school cannot be responsible for loss or theft of personal items. Students are advised not to bring large sums of money and/or valuables to school. The student assigned to a locker will be held liable for any damage to the locker. Only the student assigned to the locker may be given the combination to the locker.

Search and SeizureInterrogations:

The Principal, or an authorized representative, possesses the authority to conduct reasonable interrogations of students in order to properly investigate charges of student misconduct.

Searches:

The Haralson County School System endeavors to provide a safe and secure environment for all students. It is the policy of the Haralson County Board of Education that school administrators and other professional employees as designated by the Superintendent may search students when there is reason to believe a student may be in the possession of an item that is illegal or against school rules. Situations may include but are not limited to suspicion of possession of an illegal drug, controlled-substance, or weapon. Should an extensive search of a student be required, the search shall be conducted in private by an administrator, teacher, or law enforcement person of the same sex as the student with a witness present who is also of the same sex and with due consideration for the personal privacy and sensibility of the student.

Student cars brought on campus, student book bags, school lockers, desks, and other school property shall be subject to inspection and search by school authorities at any time without further notice to students or parents based on a reasonable suspicion of the presence of illegal and/or inappropriate items.

Lockers are subject to inspection and search by school officials. The school will maintain duplicate keys or records of all locker combinations and avoid any practices that lead students to believe that lockers are under their exclusive control.

The Haralson County School System reserves the right to use “walk-through” or “hand-held” metal detectors, alcohol toximeters, and “drug sniffing” dogs at any school function including activities which occur outside normal school hours or off the school campus when, in the opinion of the Superintendent or designee, such is necessary to protect the safety of students or employees. Under no circumstances may students be singled out for metal detector and/or alcohol toximeter testing based upon factors involving race, ethnic background, or because they have emotional or behavioral disabilities. In the event a search of a student’s person, personal possessions, or locker reveals the student is in possession of items prohibited by federal, state or local law enforcement, authorities shall be notified so that they may take appropriate action.

Selling of Merchandise during School

All fundraising activities must be pre-approved by the Haralson County Board of Education at the beginning of the school term so that a calendar of activities can be established. Because the sale of merchandise and materials from outside agencies provides competition for Board-approved fundraising activities, students are not allowed to sell such items during school hours.

Textbooks and Technology Equipment

Each student is responsible for the care of all books issued to the student. Damaged textbooks will be assessed a damage fee. Lost textbooks must be paid for in full.

Students also assume responsibility for the proper care of any technology equipment or materials provide to students for their use during or after school. Restitution fees will be assessed in the event that the equipment is damaged through the student’s neglect, and lost items must be paid for in full.

Athletics and Extracurricular Activities

A student and/or his/her guest may be barred or removed from an activity if, in the opinion of the sponsoring authority, he/she creates a disrupting influence. Any misconduct on the part of a student may be considered a disciplinary matter and will be handled as such in addition to the above actions. Only students properly enrolled in HCHS shall be permitted to participate in extra-curricular activities sponsored by the system. Students must physically be present in their regular classes at least one half day in order to practice or participate in an extra-

curricular activity on a date when the student is absent from school. The Principal or his designee has the authority to set aside this rule when circumstances are deemed appropriate.

No Pass, No Play

The State of Georgia mandates the No Pass, No Play regulation for all students in grades 6-12. A student must pass at least three of four courses that he/she is taking in a given semester to be eligible for any extracurricular activity in the following semester. A passing grade is 70 or above. A student who does not pass at least three (3) classes in a given semester will not be eligible to take part in any inter-scholastic competitive activity. This applies to sports, clubs, and competitive band activities.

State law prohibits discrimination based on gender in athletic programs of local school systems (Equity in Sports Act, O.C.G.A 20-2-315). Students are hereby notified that Haralson County School System does not discriminate based on gender in its athletic programs. The sports equity coordinator for this school system is Lisa Warren at Haralson County High School, 1655 Georgia Highway 120 East, Tallapoosa, Georgia 30176, phone number 770-574-7647.

Fire Drills - Weather Warnings

Required fire drills planned by the Principal or designated representative will be conducted at least one time per month. Disaster drills will be held as required.

All rooms will be evacuated when there is a continuous intermittent ringing of the fire alarm. A route is posted in each classroom, and students should move directly, quickly, and in an orderly fashion to designated areas. Each group shall be assembled so the teacher may check the roll and must then stay with that teacher during the duration of the drill. Students in restrooms or any place other than his or her assigned room should report immediately to his or her group for accountability. A bell will sound for students to return to classrooms. It is imperative that students remain with their assigned teacher during fire drill.

The Principal will arrange for access and provide notice of such arrangements.

To request the school district to amend a record, parents or eligible students should write the school Principal, specify the part of the record they want changed, and specify why it is inaccurate, misleading, or otherwise in violation of the student's privacy or other rights. If the district decides not to amend the record, it will notify the parents or eligible students of the decision and inform them of their right to a hearing.
3. STUDENT ILLNESS/INJURY

Medication/Illness

If a student becomes ill during the school day, he/she should ask permission to go to the school nurse. If the nurse determines the student is too ill to remain at school, the nurse will contact the parent for check-out, and he/she will be medically excused for the day. For minor problems, the student may be given over-the-counter medication and sent back to class provided the parent has given permission for this on the student's medical information form. The student may be allowed to call home, if requested and deemed necessary by the school nurse.

Student medication of any kind, prescribed or over-the-counter, must be registered in the school nurse's office. Controlled substances should never be transported and/or kept by the student at school. Students are not allowed to keep medication with them unless authorized by the school nurse. **MEDICATION BROUGHT TO THE SCHOOL MUST BE IN THE ORIGINAL LABELED CONTAINER.** If a medication is to be administered during the school day, proper forms must be obtained from and submitted to the school nurse.

Communicable Disease

No student shall be denied access solely because he or she is infected with a communicable disease. A student who is infected with a communicable disease will remain in his or her educational or employment setting unless he or she presents a significant risk of contagion as determined by the Board of Education after consultation with the student's or employee's physician, public health official knowledgeable about the disease, and/or the Board of Education's physician if the Superintendent deems it necessary to consult a private physician.

The Board of Education provides educational opportunities for its employees to become informed concerning transmission of HIV infection and procedures to reduce the risk of transmitting HIV infection as well as other communicable diseases, including precautions to be taken in handling bodily fluids and blood whenever necessary.

Whether or not an infected individual presents a significant risk of contagion shall be determined based upon reasonable medical judgment given the state of medical knowledge about:

1. The nature of the risk, i.e. how the disease is transmitted
2. The duration of the risk, i.e. how long the carrier is infectious
3. The severity of the risk, i.e. the degree of potential harm to third parties
4. The probability that the disease will be transmitted and will cause harm

Once the student's medical condition has been determined, the Superintendent shall consult with the student's or employee's physician, a public health official knowledgeable about the disease and/or a physician employed by the

Haralson County Board of Education at the option of the board in order to determine whether reasonable accommodations will allow the student to perform in the classroom or other educational setting. If an accommodation that does not impose undue financial hardship or administrative burdens can be made, then the student shall not be denied the right to participate in HCSS programs.

In order that HCSS may have time to obtain a reasonable medical judgment concerning the student who is infected by a contagious disease, the Superintendent is authorized to remove the infected student from Board of Education programs for a period not to exceed ten days during which time the Board of Education shall make a decision as to whether the student can be accommodated and does not pose a significant risk to others. The student shall be excluded only if the board determines after consultation as provided above that the communicable disease is of such nature or at a stage that the individual should not be in an educational setting.

Neither HCSS nor its employees shall disclose medical information about a student or employee with HIV infection or other communicable disease without the consent of the employee or the student or his or her parent or guardian, whichever is applicable, or only as required by law or court order.

School Board Policies Relative to Student Behavior and Safe Schools/Code of Conduct

The Haralson County Board of Education establishes policies to govern the behavior of the Board, its employees and students. These policies are the HCSS Code of Conduct and are available for public review at the Board of Education Office and on the school system website (<http://www.haralson.k12.ga.us/>).

It is the purpose of the Haralson County Board of Education to operate the school system in a manner that will provide an orderly process of education and that will provide for the welfare and safety of all students, staff and visitors who attend our schools. Students are required to conduct themselves at all times in a manner that facilitates a learning environment for themselves and other students. These standards for behavior require students to respect each other and school district employees, to obey student behavior policies adopted by the Board and to obey student behavior rules established at each school in the district. Major offenses including, but not limited to, drug and weapon offenses can lead to schools being named as an Unsafe School according to provisions of State Board of Education Rule 160-4-8-.16.

Each school's primary goal is to educate, not to punish; however, when the behavior of an individual student comes in conflict with the rights of others, corrective actions may be necessary for the benefit of that individual and the school as a whole. Accordingly, students shall be governed by the policies, regulations and rules set forth in this Code of Conduct and Discipline Procedures. Student conduct is further governed by the rules contained in each school's Student Handbook.

The Code of Conduct is enforceable during the following times and places:

- On the way to school and on the way home from school, including at bus stops and on school buses or other vehicles provided for student transportation by the school system
- At school or on school property at any time
- Off school grounds at any school or school-related activity, function or event and while traveling to and from such events

In addition, students may be disciplined for any off-campus behavior which occurs in route to or from school, or which could result in the student being criminally charged with a felony or its juvenile equivalent, and which makes the student's continued presence at school a potential danger to persons or property at the school or which disrupts the educational process.

State law requires a parent or guardian to sign a statement acknowledging receipt of the Code of Conduct. Questions about the Code should be addressed to the Principal.

Parents and guardians are encouraged to review the Code with their children and to support its enforcement throughout the community.

Authority of the Principal

The Principal is the leader of the school and, in concert with the staff, is responsible for the orderly operation of the school. Principals are granted authority to enforce this Code of Conduct; and in cases of disruptive, disorderly or dangerous conduct not covered in this Code, the Principal is authorized to undertake corrective measures which he or she believes to be in the best interest of the students and the school, provided such action does not violate law, or a school board policy or procedure.

Teacher Authority

Each teacher is authorized by law to remove from his or her class a student who repeatedly or substantially interferes with the teacher's ability to communicate effectively with the students in the class or with the ability of other students to learn, provided the student's behavior is in violation of the student Code of Conduct and the

teacher has previously filed a report with the Principal; or if the teacher determines that such behavior poses an immediate threat to the safety of that student or others. The Superintendent and Principal fully support the authority of every teacher to remove a student from the classroom under the conditions and procedures outlined in Georgia law (O.C.G.A. 20-2-738).

Parental Involvement

This Code of Conduct is based on the expectation that parents, guardians, teachers and school administrators will work together to improve and enhance student behavior and academic performance and will communicate freely their concerns about, and actions in response to, student behavior that detracts from the learning environment. School administrators recognize that two-way communication through personal contact is extremely valuable. Therefore, each school's administrative staff will provide information to parents and guardians about on-going opportunities to communicate with school personnel.

Parents, guardians and students are invited to participate in the Code of Conduct revision process by making suggestions for improving the Code through the School Governance Team (SGT). Questions about the Code should be addressed with the Principal or an Assistant Principal.

The Code of Conduct specifies within its standards of behavior various violations that may result in a school staff member's request for a parent or guardian to come to the school for a conference. Parents and guardians are encouraged to visit the schools regularly and are expected to be actively involved in the behavior support processes that are designed to promote positive choices and behavior.

Georgia law mandates that any time a teacher or Principal identifies a student as a chronic disciplinary problem student, the Principal or designee shall notify the student's parent or guardian of the disciplinary problem by telephone call and by mail and request at least one parent or guardian to attend a conference to devise a disciplinary and behavioral correction plan.

Georgia law also states that before any student with chronic disciplinary problems is permitted to return to school following a suspension or expulsion, the school shall request by telephone call and by mail at least one parent or guardian to schedule and attend a conference for the purpose of devising a disciplinary and behavioral correction plan.

The law authorizes the board of education to petition the juvenile court to require a parent or guardian to attend a school conference. If the court finds that the parent or guardian has willfully and unreasonably failed to attend a conference requested by the Principal pursuant to the laws cited above, the court may order the parent or guardian to attend such a conference; order the parent or guardian to participate in such programs or such treatment as the court deems appropriate to improve the student's behavior; or both.

Positive Behavioral Interventions and Support (PBIS)

To the extent appropriate to the situation, school administrators and teachers will follow a progressive discipline process. The degree of discipline to be imposed by each school official should be in proportion to the severity of the behavior, while taking into account the totality of the situation, including the student's age, discipline history, and other relevant factors.

The Code of Conduct provides a systematic process of behavioral correction in which inappropriate behaviors are followed by consequences. Disciplinary actions are designed to maintain an appropriate learning environment, encourage self-discipline, and to help students substitute behaviors that are consistent with the character traits from Georgia's Character Education Program for their inappropriate behaviors.

The following range of disciplinary actions may be imposed for violations of this Code of Conduct:

- Warning and/or Counseling with a School Administrator or Counselor
- Loss of privileges
- Time Out
- Temporary or permanent removal from class, activity, event, or break
- Notification of parent or guardian
- Parent or guardian conference
- Suspension or expulsion from the school bus
- Temporary placement in an Alternative Education Program
- Short-Term suspension (10 days or less)
- Referral to a tribunal for long-term suspension (more than ten days) or expulsion
- Referral to law enforcement, District Attorney or Juvenile Court Officials.

Georgia law mandates that certain acts of misconduct be referred to law enforcement, the district attorney, or other public officials. School officials may also report other acts of misconduct as deemed appropriate.

Before a student is suspended ten days or less, the Principal or designee will inform the student of the offense for which the student is charged and allow the student to explain his or her behavior. If the student is suspended, the student's parent or guardian will be notified if possible. School officials may involve law enforcement officials when evidence indicates that a law may have been violated or when there is a legal requirement to report the incident.

In the event of a disciplinary tribunal hearing, a parent, guardian, or student may choose not to contest whether the student has violated the Code of Conduct or the appropriate discipline, and in such cases, an agreement may be negotiated which would include the parent, guardian, or student waiving a right to a hearing before a disciplinary tribunal. Such an agreement and waiver must be approved by local school administration in accordance with local board policy.

The maximum punishment that can be imposed by a disciplinary tribunal is permanent expulsion from the school system.

Violence against a Teacher, Administrator, Bus Driver, or Any Other School Employee

A disciplinary tribunal hearing will be held following any alleged assault or battery upon a teacher or any other school system employee (O.C.G.A. 20-2-753). In cases involving an alleged intentional act of physical violence by a student against a teacher, school bus driver, or other school official or employee, the student shall be suspended pending a hearing by a tribunal. Ref. O.C.G.A. 20-2-751.6

A student found by a tribunal to have committed an intentional act of physical violence against a teacher, school bus driver, school official, or school employee that results in physical harm to that person shall be referred to juvenile court with a request for a petition alleging delinquent behavior, and also shall be expelled from the public school system by the tribunal for the remainder of the student's eligibility to attend public school, subject to appeal to the board of education. The school board at its discretion: (1) may permit the student to attend an alternative education program for some or all of the period of expulsion; and, if recommended by a tribunal, (2) may permit a student in a grade K-8 to re-enroll in the regular public school program for grades 9-12; and/or (3) may also permit a student in a grade K-6 to re-enroll in the public school system. Ref. O.C.G.A. 20-2-751.6; 16-3-21 In addition, a disciplinary tribunal hearing will be held following any substantial damage intentionally caused by a student on school premises to the personal property of a teacher or any other school system employee or to the property of another student at the discretion of the Principal.

Disciplinary Tribunal Hearings

Disciplinary tribunal hearings are held following any instance of an alleged violation of the student Code of Conduct if the Principal recommends a suspension or expulsion of a student longer than ten days or following an alleged assault or battery upon any school system employee. The purpose of the hearing is to hear the charges and the evidence; to determine if the Code of Conduct was violated; and if so, to determine appropriate disciplinary action. The student and parents/guardians have a right to this due process hearing before a long-term suspension (more than ten days) or expulsion can be administered. The maximum penalty that can be imposed by a tribunal is permanent expulsion.

In the event that a student chooses to admit guilt or chooses not to contest the charges before a tribunal; and if the school and a parent/guardian agree as to appropriate disciplinary action; and if the parent/guardian chooses to waive the opportunity to participate in a tribunal hearing, present evidence, subpoena and cross examine witnesses and be represented by an attorney at such hearing; a Tribunal Waiver Agreement may be written, co-signed and dated. If the tribunal chooses to adopt the agreement as its decision, the decision will be final and cannot be appealed by the school or the family. If the agreement is not adopted as the decision of the tribunal, the document becomes null and void, all parent/guardian rights will be restored and a new hearing date and time will be established.

Ombudsman Alternative Education Program

Ombudsman provides a structured alternative learning environment for Haralson County School System students in grades 6-12 who have been placed on long term suspension and/or expulsion from their base school program. The program is designed to focus on the remediation of behavioral issues that frequently interfere with the learning process. The goal at Ombudsman is to prepare each student for a successful return to the base school and ultimately, to graduate. Emphasis is placed on goal setting and problem solving methods to help students make good choices. Study skills and organizational skills are also stressed. Ombudsman students will receive academic instruction in core subjects while the negative behaviors are being confronted and addressed. Because of the time lost away from the regular academic track at the base school, parents and students need to realize that the student may not be able to graduate on time. Students are referred to Ombudsman through a tribunal process, but must be accepted by the Ombudsman administration following a parent, student, principal conference held during orientation. The student and parent/guardian must attend orientation prior to attending Ombudsman and will be asked to sign a contract agreeing to comply with the rules and regulations. There are very rigorous expectations of all Ombudsman students following a strict code of behavior. Random searches may also be

conducted. Transportation is not provided for students enrolled in Ombudsman except that which is required through an Individual Educational Plan.

Students enrolled in the Ombudsman program at the time of graduation will not be allowed to participate in the graduation ceremony conducted at Haralson County High School.
