**Rescue Bags** – Whenever a victim is rescued and removed from the situation, they are usually taken first to the local law enforcement office. Usually that environment is cold and sterile. The victims are often scantily clothed and are in need of warmth and comfort. Although these kids have come from tough circumstances and many of them exhibit an even tougher persona (in order to survive), they need to know someone cares. Below are some of the items needed in Rescue Bags.

Sturdy Backpack (Already donated by Bremen Junior Woman’s Club)

Fleece Blanket	2-3 pair warm fuzzy socks
Shampoo	Conditioner
Body Wash	Bar Soap
Deodorant	Wash Cloth
Hair Brush	Comb
Toothbrush	Toothpaste
Mouthwash	Dental Floss
Stuffed Animal (small-medium)	Blank Journal & Ink Pen
Handwritten Note of Encouragement	

There are two homes in Georgia certified for intake of these victims. Many cannot return home because there the conditions and circumstances are just as bad or worse and they are unable to go directly into foster care. These homes are the Georgia Baptist Children’s Home and GiGi’s House.
