December 2022

Wow! I cannot believe this semester is almost over. We are having so much fun learning at Buchanan Elementary School, and it is visible throughout the classrooms and in the hallways. We will complete our second nine weeks of school on December 16th, and the excitement will continue into the New Year.

As the first semester comes to a close, we are expecting bigger and better things second semester. We will return in January and hit the ground running. A huge shout out to BES for being Awarded Blue Ribbon School of Excellence, Lighthouse! What an accomplishment. Happy Holidays, Mrs. Campbell

****If you have any questions about attendance and where your child stands, please call Ms.Lena @ 770.646.3495**

12/20 – 1/2 Winter Break

1/3 Students Return

Awesome Things Going on at BES

Reading and Math: In the months ahead, teachers are going to be working extra hard on test taking strategies and test prep. We are making sure the students are very familiar with all the possible strategies in order to make sure they feel very comfortable when it comes to Milestones Testing.

This year, all content classes have implemented Spiral Review in their classrooms to make sure the students are having a constant review of all the standards being taught over the year.

Please utilize Infinite Campus to check attendance and grades.

If you have not joined Class Dojo, please reach out to your Child's teachers and they can set you up with Class Dojo.
