

The GKIDS Readiness Check assesses the following skills that have been determined most essential for school readiness by Georgia educators:

Foundations of School Success

This includes students' approaches to learning, social and emotional development, and physical development and motor skills. These attributes and skills, while often viewed as non-academic, are leading indicators of students' progression towards future academic success. The GKIDS Readiness Check will assess your child's ability to:

- ✓ Engage in independent activities and continue tasks over a period of time
- ✓ Independently follow rules and routines
- ✓ Play cooperatively with a few peers for a sustained period of time
- ✓ Use senses to observe, classify, and learn about objects and environment
- ✓ Make statements and appropriately answer questions about how objects/materials can be used to solve problems
- ✓ Effectively use words, sentences, and actions to communicate needs, ideas, opinions, and preferences
- ✓ Perform fine-motor tasks that require small-muscle strength and control

English Language Arts

This includes children's early language and literacy development. These skills are foundational for fluent and effective communication and literacy skills such as reading and writing. The GKIDS Readiness Check will assess your child's ability to:

- ✓ Listen and differentiate between sounds that are the same and different
- ✓ Recognize and name some upper-case letters of the alphabet
- ✓ Recognize and name some lower-case letters of the alphabet
- ✓ Track words from left to right, top to bottom, and page to page
- ✓ Draw pictures and copy letters and/or numbers to communicate
- ✓ Listen to and follow multi-step directions
- ✓ Use spoken language that can be understood with ease
- ✓ Use writing tools

Mathematics

This includes an understanding of shapes and spatial relationships, problem solving, identifying similarities and differences, and basic numeracy concepts. The GKIDS Readiness Check will assess your child's ability to:

- ✓ Recite numbers up to 20 in sequence
- ✓ Count at least 10 objects using one-to-one correspondence
- ✓ Recognize numerals (0 – 9)
- ✓ Sort and classify objects using one or more attributes or relationships
- ✓ Recognize and name common two-dimensional shapes (circle, square, rectangle, triangle)
