**Haralson County Schools will be recognized as a leader in improving student achievement for ALL students.**

Date:

Dear Hospital Homebound Parents,

We sincerely hope that your participation in the Haralson County School District Hospital Homebound Program has been a productive and positive experience for both you and your child. It is our sincere hope that continued improvement in your child's circumstances will allow them to transition back to regular school in the coming semester.

Please be advised that students receiving hospital homebound services must re-qualify every four months to continue eligibility. Although not all students come up for re-qualification at the end of the semester, we do wish to take this opportunity to remind all HHB parents of their responsibility. We want to give parents ample opportunity to communicate with their health care providers and avoid termination of services.

Re-qualification for HHB services will require a new application and updated medical information from your child's physician or psychiatrist. Should your child require more intensive, long-term services outside of the scope of the Hospital Homebound Program, please do not hesitate to contact our office to discuss your options.

We wish your child a happy and healthy school experience. If you have any questions or concerns regarding this communication, please do not hesitate to contact my office at 770-574-2500.

Thank you,

**Benjie Cole**  
*Assistant Superintendent of Curriculum & Instruction*
