Dr. Jerry Bell, Superintendent

Haralson County Schools will be recognized as a leader in improving student achievement for ALL students.

Dear Parents,

We sincerely hope that your participation in the Haralson County School District Hospital Homebound Program has been a productive and positive experience for both you and your child. It is our sincere hope that continued improvement in your child's circumstances will allow them to transition back to regular school in 2022-2023..

Please be advised, hospital homebound services for all students will terminate for the Summer on May 20th, 2022. No services will be provided for students over the summer. Services will begin for the 2021-2022 school year after August 1st, 2021.

We wish your child a happy and healthy school experience. However, should your child require the temporary services of the Haralson County School District Hospital Homebound Program in the future, a new application for services must be filed for the 2021-2022 school year. Should your child require more intensive, long-term services outside of the scope of the Hospital Homebound Program, please do not hesitate to contact our office after August 1st, 2021 to discuss your options.

If you have any questions or concerns regarding this communication, please do not hesitate to contact my office at 770-574-2500.

Thank you,

Benjie Cole
Assistant Superintendent
