March 2024

Parents,

So here we are, with approximately 3 months of school left before we head off to our summer break. I often marvel at how quickly a school year goes by. It seems like just yesterday we were welcoming the kids off the buses on the first day of school. This time of the year is so exciting because we are seeing all the learning that has taken place over the year. The last couple of months can be tough....arguably the toughest of all because of the fatigue that is setting in.

I'd like to challenge everyone, by asking you all to re-commit to our students, their learning, and to each other over the next couple of months, and to dig deep to finish what we started. In my opinion, we've put ourselves in a great position to end the year on a high, and to be able to look back on the year with an overwhelming sense of pride and accomplishment. It's an exciting time of the year I know, and the kids are happy and looking forward to summer. I am asking that the students do not lose sight of the importance of what's still left to do. I want us to finish this school year strong and ensure all our students are learning at their highest potentials. Thank you parents and guardians for joining hands and efforts with us to finish this school year with high expectations and high achievement. I want this to be the best school year ever!

Mrs. Campbell  
Assistant Principal

SPRING BREAK – Week of April 1st

## Milestones Testing Dates

**April 24 ELA Section 1**

**April 25 ELA Section 2**

**April 26 ELA Section 3**

**May 1 Math Section 1**

**May 2 Math Section 2**

**May 3 Science Section 1 & 2 5<sup>th</sup> grade only**

**Research indicates students do better on the test when they eat a good breakfast, get a good night sleep, and take the test during the schedule date/time as opposed to a make-up date.**

**Please remember to check attendance and grades in the parent portal / Infinite Campus.**
