## School Climate @ BES

School climate is the overall quality and character of school life. BES has partnered with Haralson County High School with teaching all students success skills. Some of these skills address a positive attitude, initiative, respect, collaboration, accountability etc. A positive school climate goes a long way in preventing bullying in schools. BES teachers and administrators encourage a positive school climate by: teaching kindness and empathy, setting clear and enforceable rules, rewarding positive behavior (PBIS), and building relationships. Each classroom has a Bullying poster and the students are taught the consequences of bullying.

## October News:

October is a very busy month at BES. Please look at the calendar to keep up to date on all the events and special dates we have this month. Please remember to look in your child's Tuesday folder and if you have Facebook, look at updated events and important information on our Buchanan Elementary School Page. If you have not signed up with Class DOJO, please do so. This is a great and easy way for you to get information from your child's teacher. Remember to check Infinite Campus for your child's attendance and grades. Student-Parent-Teacher Compacts will be given out at Parent Teacher Conference - these will need to be signed by all students, parents, and teachers.

### Vision and Mission Statement

**Vision:** Haralson County Schools will be recognized as a leader in improving student achievement for ALL students.

**Mission:** The mission of Buchanan Elementary, in partnership with parents and community, is to prepare and inspire each student to be literate, responsible, productive members of a diverse society who believes learning is a lifelong process.
